

The Department of English has formed an “English Club” to organize different extra-curricular activities throughout the year. It follows twelve months’ action plan through THE EVENT CALENDAR.

The background of the sign is a light cream color with a subtle gradient. It is decorated with delicate, hand-painted autumn leaves and clusters of small berries in shades of red, orange, and brown. The leaves are scattered across the page, with some appearing to fall from the top left and others clustered on the right side. The berries are small and round, often grouped together on thin stems.
